

New Year Wish List

IMA, SENSA, I U NJOJ MOJA NOVA NOVOGODISNJA LISTA ZELJA!!!

Pre tačno godinu dana pravila sam proslagodisnju novogodisnju listu zelja za *Sensu* i to mi je jedan od dobrih repera koji precizno markiraju tacke u vremenu i pokazuju mi sta se sve izdogadjalo u tom dugom kratkom periodu, kako sam se promenila, privatno i profesionalno.

Dok sam radila na tom proslom clanku, posebno me je bila zainteresovala cudesno magicna atmosfera prvog januara, jutro posle novogodisnje noci, pa sam odlucila da to bude tema citave ovogodisnje liste zelja. Tisina i zimska svezina. Osecaj opustenosti, sagledavanje postignuca i spremnost za nove pocetke.

Toliko promena. Prosla lista zelja sa uslikanim tragovima naseg privremenog boravista u centru, a sada - Zemun, Gornji grad. Shvatila sam da zelim to da markiram, da mozete da se preselite na neko konkretno mesto, da znate da ovo nije studio, scenografija.

Ova lista zelja je u odnosu na prošlogodisnju uključila je mnogo više ljudi i predstavlja plod zajedničkog angazovanja, truda i radosti. Kada sam htela da docaram puderasto zlatastu atmosferu sa zemljanom bazom i drvenim podovima, sa vintage detaljima i chic novitetima, pomislila sam da bi svestrano predivna [Ana Kras](#) (*Kras cokolade milicija stop!*) bila savršena osoba da taj osećaj ozivi, a Ana Kostic prava da sve to zabeleži. I imala sam sreće da su obe rekly: DA! Predivno je raditi u takvom društvu. Slušala se Charlotte Gainsbourg, [album 5:55](#).

Centralni element u opisu ovog osećaja prikazanog u tri slike su **novi Adore cokolade**. Table iz njihove neverovatne male radionice koje smo mi iz Coda&associates strpljivo (neki strpljivije nego drugi, tj. ja) cekali... pa vec neke dve godine. Aleksandar iz Adorea je predivan, energicni i veseli, operativni mladi covek koji je, kao i mi, zeleo da dovede sve do perfekcije i tek tada izbacij seriju na trziste. I eto, to se desava bas pred novu godinu, pa svi imate spreman pokloncic. Za sestru, mamu, baku, tetku, drugaricu, koleginicu, zenu iz racunovodstva, pa tatu, decka, muza... koga god! Svi vole cokoladu! A ova cokolada je ozbiljna, kvalitetna, bez budalastina i zlih aditiva, osmisljena u zabavne kombinacije, sa svezom nanom, krekavom pecenom kafom... a ceka nas i prosirenje opusa, samo da znate! Aleksandar mucka nove recepte u fabrici cokolada as

more patiently than the others, being me)...for some two years. Aleksandar from Adore is a wonderful, energetic and cheerful young man who, just like us, wanted to make everything perfect and only then launch the series in the market. And what do you know, all of this is happening just before the New Years, so all of you now have a present ready. For sister, mom, grandma, aunt, friend, colleague, the lady from accounting, then dad, boyfriend, husband... whoever! Everyone loves chocolate! And this chocolate is serious, of high quality, without nonsense and evil additives, created in fun combinations, with fresh mint, crusty baked coffee... and additions to the list also await for us, just so that you know! Aleksandar mixes new recipes in the chocolate factory as we speak.

And here they are, first five. Actually six, with this special Belgrade addition. First - CRUNCHY MINT: describes crunchy refreshing cold. Blue folium and cut-in details letting you peak at the green paper under the black cardstock cover. Second - ELLE CANELLE: with cinnamon, and houndstooth pattern made in pink folium, truly mondish, seducing and fashionably enchanting. And the third one in this editorial: J'ADORE MOCCA in cute girly white-golden atmosphere, milky cleanness and some bling. The golden foil on the cover creates a lucky charms bracelet – with memories from the seacoast.

Besides these three, also SICILY is now available in the market, with carved lace border and banana-yellow paper enwrapping the chocolate in hazelnuts, almonds and WALNUTS! There is also ORANZELA, a hit chocolate with orange and butterflies, carved in a way to make a discreet decoration in standard flat version which you actually purchase in a store, and then, you lift the butterfly wings and you have a beautiful ready made gift! Also, for just ended candy fair, we made a special [BG COKO](#) with cherries, also due to show up in the market soon.

Adore stores: Delta City shopping mall, Millennium shopping mall, little Adore Passion store in Kneginje Ljubice Street. In Novi Sad: Pasiceva Street, Exclusive store.

Let's leave this as the post about the New Year wish list in the latest Sensa issue. Buy it and take your time with enjoying it, then, starting January 1st, enjoy it together with on of the Adore chocolates. Thanks to everyone contributing in making this article the right way to put a closure on a wonderful year.
